

Yes. I'll let you know
after I ask Penguin.

Yes.

It would be very convenient
if I knew the answers
when I got those questions.

Penguin. Mom asked if
you would like something
like nail care, massage or
a cooking lesson.

Um... A kind of
activity present?

Penguin's Christmas Present is...

=====

**Only 3 weeks before Christmas
and the UK is very busy because of
Christmas shopping.**

But it's definitely exciting
that I can look forward to
what I will receive later.

A few days later.

Preparing presents for family
is a very important task.

While we prepare presents for our family,
other family members are also
preparing presents for us.

I was talking about hair dying.

I decided to add it to my wish list.

So while Mum called Gail and talked about my present,...

... I was waiting for him
to finish his call just in case
I heard what Gail said to Alex.

But...

... It seemed like there was a problem between them about my present.

Zorbing is...

... that I go inside of
a big clear ball and...

... roll
down
a
hill.
